Seasoned Executive Coach

Insightful |

April 8, 2015, Thomas worked with
Roberta but at different
companies

I worked with Roberta last year and she really helped me to understand the challenging environment I was in, and how my actions were impacting others in the environment. She also helped me to develop strategies for influencing others and affecting change. She asks the tough questions, made me face reality and provided resources which helped me grow as a person and as a leader. In short, Roberta is a terrific coach and great person; and now I consider her a friend.
